St Pauls Catholic College, iPad Setup Instructions
Year 7, 2015
How to enrol your iPad ready for school use in 2015.

**Before you begin!** Each iPad must have an Apple ID and a passcode of your choice.

Where students are under 13 the College asks parents to create and manage an Apple ID on behalf of their son.

(The email address and password on an Apple ID can be changed at a future time. For boys aged 12 and under this would allow parents to manage an account for now and later hand control over to their son.)

1. **Name your iPad correctly**
   Do this by going to *Settings > About > Name*
   Name the iPad ‘2015’ ‘First Name’ ‘Last Name’
   e.g. 2015 John Smith

2. **Enrol through the enrolment link**
   Go to:
   http://mdmenrolment.parra.catholic.edu.au

**Note:** The enrolment process will differ between different iOS software installed,

2a. Select “CEDP, School & BYOD”

If you do not name the iPad correctly, you will be excluded from the school wireless network.

You may only enrol your iPad that you’re using for school work, any other device enrolled, will be removed and consequences handed down respectively.
2a. Select “2009 St Pauls Catholic College GREYSTANES”

2c. Log-in with your school username and password

2d. Use your username to assign the device to

2e. The website will then take you through step by step to finish the installation. In this process you will be prompted to install 2 different profiles and require to enter your passcode to complete the installation.
If you’ve any problems, please see the IT Department before school, recess, lunch or after school.
