Dear Parents,

As a College, St Pauls is aware of the burden that families experience with the cost of uniforms, books, tuition fees and the building levy, however, the financial burden of running the College is escalating and the following measures will be put in place for 2015 to maintain the College’s presence within the community.

This year the College begins a transition into the digital age as we introduce BYOD (bring your own device) for Years 7 & 9 and HOT Maths for Year 10 this will be in its infancy as we contemplate BYOD within the College over the next couple of years.

As with all Colleges, the payment of fees by all families will allow the College to operate smoothly and would therefore encourage all families to finalise fee arrangements on a timely basis.

In any unusual instances where a family may have difficulty in paying school fees, please make an appointment to discuss the matter with the utmost discretion and confidentiality by initially contacting the College’s Financial Secretary Mrs Jodie Penfold.

Families are reminded that School Reports and other official College documentation may not be released when agreements concerning fees are not being honoured. In the same way students will not be allowed to attend their Dinner Dance/Formal if agreements concerning fees (as arranged appropriately with each family) are not being honoured.

Many thanks in anticipation for your continued support for the College throughout 2015.

Yours sincerely,

Mr David Bourne
Principal
